MEETING TO-NIGHT!

Judge DOOLITTLE, and other eloquent champions of FREE SOIL, FREE LABOR, EQUAL RIGHTS, and STATE REFORM, will address the People of Milwaukee at Market Hall *this* evening. As it is the *eve of election*, we hope to see a good turn out. Come, brothers, arouse! To-morrow tells the story. Meet together, take counsel and make ready *to-night!*

State Prison Commissioner.

Our friends write to us, from different quarters, that spurious tickets are in circulation with the name of the Republican candidate for State Prison Commissioner, EDWARD M. MAC GRAW, mis-spelled *McGraw*; and they desire us to caution Voters against this *fraud*. Let them be comforted. The *intent* of the voter governs the Canvass. All votes cast for *McGraw*, or *Mac Graw*, will be legally counted for the Republican candidate.

That "Confidential" Letter.

The *News* does not vouchsafe a word of explanation about the "private and confidential" letter which was published in its Friday's issue. Silence, under the circumstances, is doubtless its best policy, but will hardly content the public. They are naturally startled at finding a "private and confidential" letter, addressed by one of our prominent citizens to a State officer, published in a newspaper which is *owned and edited by our City Postmaster*. They reject the idea that Col. Jones, the Secretary of State, to whom the letter was addressed and who is reputed to be an honorable man, could himself have been guilty of so gross a breach of faith and so great a blunder politically, as to send the letter to the *News* for publication. And yet they are hardly prepared to believe that our City Postmaster, in utter contempt of his official obligations and in daring disregard of individual rights, could have ventured to publish in his own paper, a letter marked "*private and confidential*," and addressed by a citizen of Milwaukee to a State Officer at Madison. If that is the disposition Mr. Postmaster Sharpstein makes of "private and confidential" letters that fall into his hands, the sooner President Buchanan "reforms" him, the better for the credit of the Administration, and for the safety of private correspondence.

The News vs. Carl Schurz.

The *News* of Sunday devotes another half column to its splendid K. N. assaults upon CARL SCHURZ, our Republican nominee for Lieutenant Governor. It repeats the K. N. fabrication that he is not a citizen; sneers at his patriotic exertions and services during the German revolution in 1848; twits him with cowardice in running away when there was no danger; charges him with fraud and perjury in getting out his naturalization papers, and in short, does its best to traduce him as foully and falsely as it has Judge Randall. Each and every one of these slanders of the *News* against Mr. Schurz has been again and again denied and refuted by responsible witnesses, while none but anonymous, or spurious correspondents and lying and irresponsible partizan prints can be found to sustain them.

That "Loan."

The Mayor and the official organ maintain an "expressive silence" in regard to that loan.—Neither the Tax-paying public, nor the Common Council, *nor the Contractors for whom the money was* said to be borrowed, can learn anything about it. The *News*, it will be remembered, published a telegraph dispatch, purporting to come from the Mayor, saying that he had got the money to complete the Harbor and School Houses. When the Mayor reached here a week ago the *News* proclaimed that he had brought the money with him and had borrowed it at 12 per cent. The public and the press asked for particulars, but none are vouchsafed. Meantime we know that the Harbor Contractors have not got the money, though they want it badly and *ought to have it*. With this help they can finish the work this fall. Without it, they must stop work. Who are they not pain? Who has got the money? Where is the loan? Can the *News*—can the Mayor—can anybody tell a—nd *will they?*

Latest from Minnesota.

We have St Paul papers of October 28, two days later than previous advices. The *Minnesotian* of that date claims the election of RAMSEY, Republican, for Governor, as settled beyond doubt, in spite of the frauds of the Pro-Slavery Democracy. The returns from all the counties in the State, except Pembina, many of them official, show the following aggregate majorities:

Ramsey,	Republican	18,819
Sibley,	Democrats	18,115
Ramsey ahead		704

As Pembina cannot poll to exceed 200, or 250 legal votes, there seems to be no possible question of RAMSEY's election. The legislature is in doubt, with the probabilities in favor of the democrats having a majority.

FIFTH AND EIGHTH WARDS.—The Republicans of the Fifth and Eighth Wards, at their meeting on Saturday night, nominated with great unanimity, JAMES DOUGLAS, as their candidate for the Assembly. Mr. Douglas is an old resident of our city, an excellent mechanic, an intelligent and upright man. The nomination is a strong one and deserves success. Let no effort be spanning, to secure it.

THIRD WARD.—At the Republican meeting in the Third Ward, Saturday night, Messrs. J. G. GOODRICH, WM. BROWN, JR., HENRY MIDDLETON and H. FRANKEN were appointed CHALLENGERS. We hope that each and all of them will be at their post *somewhere*, prepared to *do their duty*. Watch the Polls!

GOOD FOR THE MAILS.—We received by the Eastern Mail, at 5 o'clock Saturday evening, New York papers of the previous Thursday afternoon, though in a little over *two days*. This is the best time yet made by the mails and quite up to express time. We give Uncle Sam a good mark cordi ngly.

Another Falsehood of the News exposed.

Correspondence of the Sentinel.

WATERTOWN, Oct. 20, 1857.

MESSRS. EDITORS:—The editor of the *News* is certainly a genius, *in his way*. He can tell more silly lies than any other person connected with the Wisconsin press. One of his latest falsehoods which has fallen under my eye, is that Mr. Schurz last fall "announced himself as candidate for Assembly, *in opposition to the regular Republican nominee*." There is not a word of truth in this. Mr. S. was himself the "regular nominee" of the Republicans of this city for the Assembly at the election referred to. What shallow falsehood will next be invented against the Republican candidate for Lieutenant Governor, by the political weathercock who presides over the columns of the *News?*

THIS, J. A. HADLEY.

For the Sentinel.

Republican Nomination

At the meeting of the Republican Electors of the Towns of Wauwatosa and Greenfield, held, pursuant to notice, at Sage's School House on Saturday, Oct. 31st, to nominate a candidate for the Assembly. A. S. Darrow was called to the Chair, and John Sheldon was appointed Secretary.

On the first ballot, Alden S. Darrow was chosen as the Republican candidate for the Assembly.

JOHN SHELDON, Secretary.

WAUWATOSA, Oct. 31, 1857.

ASSEMBLY NOMINATIONS.—Mr. C. J. KERN is the BURSLOW-CROSS candidate for the Assembly in the Second Ward. Alexander Gutenacker [the present Alderman] is the Reform Democratic candidate for the Assembly in the same district.

Michael Steever is the "regular" member for the Assembly in the Fifth and Eighth Wards.

☞ "ORLANDO ELLSWORTH is the Republican candidate for Assembly in the Lake district in this county.—*Mil. Sentinel.*"

Twenty years ago Mr. Ellsworth used to furnish to the *Sentinel* the marine list of Arrivals and Departures at Milwaukee. Though still a young man comparatively, he is an *old settler*, and in all respects worthy the confidence and support of the Republicans of Lake.—*Neenah Conservator.*

That is so! Now, Republicans and Electors of Lake, Oak Creek, and Franklin, give this "old settler," and true man, your hearty and united support, *next Tuesday*, and thus secure a reliable Representative.

Kansas Election.

The Geary City *Era*, published in Doniphan county, gives the following statement of the manner in which the election was conducted at Marysville and Kickapoo:

An outrage was committed on the polls at Marysville, in Marshall county, which deserves attention. Judge Turner, from Crown Point, Indiana, with a friend, were making a tour in the no thwestern part of the Territory, and met two companies of U. S. troops on the Kickapoo reserve, a part of Sumner's command, who had been on the plains four months. They were ordered to halt at Marysville on return, till after the election. Lieut. Moore stated that some of the troops voted two or three times apiece, and many of the citizens did the same. The election was held in the tent of a shanty where liquor was sold. The illegal votes were handed up with fictitious names. There were 162 votes polled, only one of which was Free State, it being the first vote cast. Drunkenness and rioting were prevalent all day. Lieut. Moore has evidence to prove these statements, and is ready to do it. He considers the whole matter the greatest outrage upon the polls he ever witnessed.

In Kickapoo, also, illegal voting was permitted by the border ruffian judges, and they succeeded in polling a very respectable majority. The town contains, probably, about 200 inhabitants, men, women, children, horses, cats, dogs, and niggers, and with this population, they polled *five hundred pro-slavery majority!* By this means Leavenworth county was carried by the pro-slaveryites, by a very small majority.

LOSS OF THE REINDEER.

Particulars of the Wreck!

Last evening the propeller *Mears* arrived in port from Point Sauble, having on board the two firemen—sole survivors of the ill-fated steamer *Reindeer*, which was wrecked on the night of the 19th below Point Sauble, some particulars of which were published in the *Press* of the 24th. Mr. Arthur Lynch, who went over in the *Mears*—at the request of the agents of the steamer—and of Mr. Davison, Marine Inspector, to look after the property and the bodies, also arrived, who exerted himself with much diligence to recover the property strewed along the coast.

STATEMENT OF THE SURVIVORS.

The survivors of the wreck are two firemen, named Patrick Greamer, of Montreal, and John McCarty, of Kingston. They state that on the afternoon of Monday they encountered a most terrific gale from the southwest, accompanied with a blinding snow storm, which rendered it impossible to see more than a few yards ahead of the vessel. Captain Patterson used every endeavor to beat up against the gale, but as evening drew near it increased with such fury that it was deemed useless to attempt it. To save her from being driven too far towards shore, the anchor was dropped; but it was not long before they were compelled to cut it and let it go.—While the vessel thus labored against the elements, a heavy sea struck her upper cabin and carried it completely away, when the water rushed in and extinguished the fires. After this, the lower cabin and deck began to break up, and the steamer was left to the fury of the boiling waters. Capt. Patterson nobly stood by the wheel all the time, and kept her head right; but without sail or steam, what could be done on such a night?

Two or three hours were passed in the most dreadful suspense—every moment expected to be their last. At length, about 1 or 2 o'clock in the morning she struck about one thousand feet from the shore, and almost immediately went to pieces. The crew clung to the masts with seeming desperation, but the surging billows soon dashed them on fragments of the wreck and either killed or stunned them, or washed them out into the lake. The two firemen escaped in a manner quite astonishing to themselves. One of them held on to a plank, and the other got hold of a couple of oars, and were washed ashore—they know not how.

The entire number of persons on board was twenty five. There were two passengers, one of whom was a young man belonging to Montreal, apparently about twenty-five years of age, with red hair and whiskers; the other was a sailor, and he was to have worked his passage to Kingston. The survivors knew but few of the names of the lost. The Captain was George Patterson; the steward, Jas. Henry; the Purser, P. Bailey; and one of the firemen lost was named Parker.

THE WRECKERS, BODIES FOUND, ETC.

When Mr. Lynch arrived at the wreck he found it surrounded by a large crowd of fierce looking wreckers, who were gathering up all the valuables they could lay their hands on, and watching for the dead bodies, that they might strip them. The cash box was found broken open, the money in it having been doubtless taken possession of by these by pirates. Some fishermen of Black Creek have part of the tafrel and the bell of the boat which were washed ashore; and at Manistee there are ten barrels of tallow in similar duds. Of course they refuse to give up the property and even threaten those who question their unbounded title to it. There were found a large number of trunks all smashed up and ransacked. Twenty barrels of the tallow is in safe hands at Point Sauble, and will be recovered. The whole coast for about twenty miles is strewn with fragments of the wreck. The engine and boilers are in about fifteen feet of water, and can be recovered. Some books and papers have been found, and are in the hands of Mr. Freeman, of Free Soil.

Only two bodies had been washed ashore previous to the sailing of the Mears. They were those of the sailor passenger, and Parker, the fireman. Mr. Lynch had them decently interred.

The cargo of the steamer consisted of 8,500 bushels of wheat and 51 bbls of tallow. The wheat was insured, but not the tallow.

The whole number of lives lost is twenty-three. The names cannot be had at present—the books being lost. Should those books in the possession of Mr. Freeman, at Free Soil, contain the list of the crew, we will probably have them in a few days.

We understand that it is designed by the agent of the Reindeer to send a propeller to Point Sauble for the engine, boiler, and whatever fastenings can be collected.

The two firemen had their feet frozen, but they are fast recovering.

Much credit is due Mr. Lynch for the alacrity and energy he displayed in the whole transaction.

The *Mears* also brought over the captain and crew of the schooner Alwilda—also wrecked at Point Sauble.—*Chicago Dem. Press, Oct. 31.*

CITY MATTERS.

Proclamation of the Mayor.

The keepers of all liquor saloons and lager beer halls are respectively requested to close their respective places of business during the election on Tuesday next. By so doing they will mutually aid in preserving and sustaining the proud reputation for peace and good order, which our city, in contradistinction to many others, has so long enjoyed. I trust, therefore, that all will see the propriety of observing the above request, and act accordingly.

J. E. CROSS, Mayor.

Resolved, That in the early decease of our lamented associate, we deplore the loss of one who was a valuable friend, a worthy and useful citizen, and for whose commercial and financial character we cherish the highest regard. Ingenuous in his dealings, vigorous in intellect, his daily life passed amid the unambitious toils of business, shone with the light of truth, earnestness, honor, courage and disinterestedness, commends itself to the grateful and honoring remembrance of his associates, and presents imitation to all who know him.

Resolved, That we tender to the family of our deceased friend and associate our warmest sympathy, and that we will wear the usual badge of mourning.

Resolved, That a copy of these resolutions attested by the Cashier be entered upon our Records, and published in the daily papers of the city.

A sufficient number of cargoes are now on board to carry the shipments of wheat beyond 1 use of last year to the same date.

See the money article appended, for a review of financial matters, in which we note no improvement, though, for the past two days the advices from New York to retailed to produces are more favorable. Considerable amounts of currency have been here during the week, with which to buy produce, but the amount of wheat in hand was too small to operate upon, and most of it went elsewhere

The London *Mark Lane Express* has an interesting article on the subject of breadstuffs. After a review of the English crops, and considering the probable extent of the potatoe rot in England, the *Express* thinks that England will have to import about 40,000,000 bushels of wheat, or its equivalent. It then proceeds to estimate whence this supply is to come, and sets down the U. S. and Canada for 14,000,000 bushels. As to prices, the *Express* thinks they are not likely to go below present rates in that country.

We annex our usual quotations, &c:

Money Market.

BANKING AND EXCHANGE OFFICE OF BRIDGE BROTHERS,
166 EAST WATER ST., MIL. OCT. 31, '57.

We are still at a loss to determine the probable result of financial matters for the coming winter, but we adhere to the opinion from incidents occurring during the past week that the next six months will present embarrassments sufficient to try our strongest houses and shake them to their foundation. The high rates of interest paid for money and prices gold commands in New York since, which merchants are compelled to use to pay their eastern liabilities, draws very heavily on the best concerns, and it is impossible to look forward with any degree of confidence to a speedy relief from the general whirlpool in which we are involved.

Gold is still coming to us from England in limited quantities, and must for some time, as produce and cotton will seek a market on the other side of the water, and specie is their only basis of trade. It is rather a novel movement in financial circles that coin should reach us through such a channel, but under the general difficulty in the commercial world, it is perhaps not a matter of surprise. That all our friends, both in England and on the continent, are equally, if not more oppressed, than we are is evident from the increased rate of interest adopted by both the banks of England and France, and also the leading Banking houses of Europe.

The suspension of the bank of the State of Missouri, last Monday, has not at all diminished the trouble of Southern banks or merchants, though unexpected to some it was well known to a few interested parties and their friends, several weeks ago, that the institution could not stand.

All Southern and Western money is at is discredited we are buying at discretion, not caring at present to issue a formal list.

During the following week we shall be able to give an approximate idea of the true valuation of such notes as are discarded. In the meantime we quote our usual prices for Land Warrants:

DON'T FORGET TO VOTE.

ELECTION TO-MORROW!

Our State Election comes off to-morrow!—To-DAY, therefore, is the last day left for the work of preparation. Are the Republicans of the different Wards ready for the contest? If not, will they *make, ready* TO-DAY? We think that we can answer for the First, Fourth, Fifth, Seventh and Eighth Wards, that they will give a good account of themselves to-morrow. But how is it with the SECOND, THIRD, EIGHTH and NINTH? In those last Wards, the Republicans are largely in the minority. Yet they can do their share towards securing a Republican triumph. Let them take measures to day to call out *every Republican vote* and to see that *no illegal votes are polled*, and their part of the work is done. Once more, we urge upon our friends in all the Wards, before this day is over, to make arrangements:

1. For a full supply of Ballots to-morrow.
2. For an active Rallying Committee to get out the voters.
3. For two resolute Challengers at each poll.

All this should be done TO-DAY!

Freemen of Milwaukee City and County!

RALLY TO THE POLLS TO-MORROW, if you believe that Freedom should be National, and Slavery Sectional.

RALLY TO THE POLLS! if you would see Wisconsin present an unbroken front to the Slavery Propagandists!

RALLY TO THE POLLS! if you would vindicate the good standing of your State as, thoroughly Republican!

RALLY TO THE POLLS! if you would show that you believe in the righteousness of the old Jeffersonian Ordinance, which made Wisconsin FREE!

RALLY TO THE POLLS! if you would keep out of place and power the men who disgraced our State by ELECTION FRAUDS!

RALLY TO THE POLLS! if you would drive back the horde of TREASURY and SCHOOL FUND PLUNDERERS who are striving again to gain power in this State!

Give one day to the cause of Freedom, and to the best interests of the State!

RALLY TO THE POLLS TO-MORROW, ONE AND ALL!

REPUBLICANS! REMEMBER!

That your brethren in the other States expect that Wisconsin will, by her majority to morrow, show that she stands firmly upon the Republican Platform—that they have the right to expect from Wisconsin another earnest utterance for the cause of Freedom!

BE EARLY ON HAND TO-MORROW! Vote early yourself, and then devote what time you can to bringing up backward voters. Let the going down of the sun to-morrow night find every Republican vote in the city polled. VOTE EARLY! but by all means, VOTE!

One Vote.

We trust that no Republican will deceive himself into the belief that "One vote will make no difference" at the coming election. No man can tell what great events may hinge upon one vote. *One Vote* has elected a Governor of Massachusetts. ONE VOTE has repeatedly determined the election of Members of our State Legislature.—ONE VOTE elected a N. Y. Democratic Member of Congress in 1855, who by his ONE VOTE in the House of Representatives in 1856 defeated a Bill admitting Kansas as a Free State into the Union. All majorities are made up of ONES. Remember the value of ONE VOTE.

☞ REMEMBER, that although you have to contend against the minions and money of the United States Government, you can utterly defeat them all, by bringing out EVERY VOTE IN YOUR DISTRICT. DO THIS. DON'T TALK ABOUT IT, BUT DO IT.

DEATH OF ANOTHER CONGRESSMAN.—Hon. G. A. Simmons, member of Congress elect from the Keeseville District, New York, died at his home, after an illness of several months, on Wednesday last.

This is the fourth of the members of Congress elected last fall, who have died; Messrs. Brenton and Lockhart of Indiana, Mr. Montgomery of Pennsylvania, and Mr. Simmons of New York.

In politics, Mr. Simmons was a Republican. His vacancy will have to be filled by special election before the meeting of Congress.

☞ JAMES M. PHINNEY, Esq., of Appleton, is the Republican candidate for the Assembly, in the Outagamie district.

The people owe it to themselves to see to this.—The party calling itself "democratic," that is, in favor of the rule of the people, has at almost every election of late years, secured its power by the most deliberate and wanton frauds upon the elective franchise. They have cheated in New York, in California, in Illinois, in Kansas, in Iowa, in Minnesota, in Pennsylvania,—everywhere, in fact. They committed the most outrageous frauds in this State two years ago, and after their exposure tried to get up a rebellion against the mandate of the Court, and JAMES B. CROSS upheld the chief movers in those frauds and that attempted rebellion. Later still, Mr. Cross in part secured his nomination by cheating his own party friends at the Granville caucus. Hence we have reason to call upon the people to be on their guard, and to WATCH AGAINST FRAUDS.

The last Legislature passed a very stringent law to secure the free and fair exercise of the right of suffrage.

Before the polls open, the following is the duty of Inspectors:

"It is the duty of the inspectors of the election, or one of them, immediately before proclamation is made of the opening of the polls, to open the ballot boxes in the presence of the people there assembled, and turn them upside down, so as to empty them of everything that may be in them, and lock them; and they shall not be re-opened until for the purpose of counting the ballots therein, at the close of the polls."

Full instructions are given in the pamphlet copies of the law, as to the form of questions and oaths.

The Clerks are to write the word "sworn" after the name of every man who takes the oath when challenged.

The PENALTIES provided in the law are as follows:

PENALTIES FOR ELECTION FRAUDS.

For voting in a town or ward where a person does not reside, but in the right county, one to six months in the county jail.

For voting in another county, one to two years in State Prison.

For voting more than once, one to two years in State Prison.

For voting in this State, by residents of another State, one to two years in the State prison.

For voting when not qualified according to the Constitution, two to six months in county jail.

For procuring, aiding, counselling or advising an unqualified person to vote, a fine of $100 to $500, and from one to six months in the county jail.

For procuring, aiding, or inducing a person to vote where he does not reside, one to three years in State Prison.

For procuring or inducing a person to vote or withhold their votes, by bribery or threats, a fine of $500 to $1,000, or three to twelve months in the county jail.

For deceiving voters who cannot read, into voting against their inclinations, or for deceitfully changing their ballots, one to two years in the State prison.

For inserting ballots fraudulently into the boxes, one to two years in the State prison.

For an inspector to place any ballot in the box, except his own, regularly received, three to five years in State prison.

Perjury to be punished according to the Statute, two to five years in State prison.

For Inspectors to knowingly receive or sanction the reception of votes from persons who are not qualified, or who shall refuse to answer the questions or to take the oaths; or to act without wilful neglect, or corruptly, one to five years in State prison, or fine of $100 to $500.

For inspectors or clerks to make or aid in making false returns or poll books, or refuse to make returns, one to five years in the State prison.

For canvassers of votes to make false canvasses, or false certificates, or alter or destroy the canvass, two to three years in State prison.

After the election,—the law says:

"The canvass of votes shall be made publicly in the presence of *any persons desiring to attend the same*, and the result thereof shall be *publicly announced* by the inspectors at the close thereof, and they shall in the announcement *declare the whole number of votes cast at such election* and *the number given respectively for each candidate* or proposition voted at such election."

Will the active Republicans of each Ward see that, so far as their exertions and watchfulness can avail, the poll is a fair one?

BEWARE OF FRAUDS!

Nominations.

W. H. STARK, for Assembly, by the Republicans of the Milton district, Rock Co.

J. BROUGHTON, Democrat, for Assembly, in the north district of Green Co.

M. H. CARPENTER, Democrat, candidate for Senator in the 18th district, Rock Co., declines, for fear of being elected (!) in that district, where the Republicans have a very large majority.

GEORGE STRONG withdraws from the canvass as Republican candidate for Senator in the 28th district, leaving the field to J. F. Moore, Republican. The contest between the latter and Mr. MEARS, the Democratic candidate, will be a Hudson and Prescott quarrel.

W. T. BUTLER is an independent Democratic candidate for Senator in the Watertown Jefferson Co. district.

JEFFERSON Co.—HARLOW PEASE, in the Waterloo district, and GEO. C. SMITH, in the Lake MILES, Dist., are Republican candidates for the Assembly. PETER ROGAN, in the Watertown district, and JAMES STEGGIS, in the Waterloo district, are democratic candidates for the Assembly.

Correspondence of the Sentinel.

Schurz and Harvey on the Stump.

FORT ATKINSON, Oct. 30.

MESSRS. EDITORS:—Last evening CARL SCHURZ and Senator L. P. HARVEY addressed a large meeting at the place. The interest and enthusiasm manifested showed that the spirit of Republicanism is alive, and that our people, on Tuesday next, will turn out *en masse* for Freedom and Right.

Mr. SCHURZ spoke in English and German.—His speech in English was replete with facts and rich in eloquence. He recounted the wrongs of his Father land; painted, in glowing colors, the evils of Despotism; and appealed, in thrilling tones, to the people of Wisconsin, to vote for FREEDOM. He is a noble champion of a good cause, and we will honor him, on Tuesday, with a rousing majority.

Senator HARVEY spoke upon the issues of the campaign with great power and fervency, and his stirring words told upon the audience. Hon. S. O. EVAN, Chairman of the meeting, exhorted the voters to ratify the noble sentiments they had just heard, at the polls on Tuesday next.

GEO. C. SMITH, a true and tried Republican, is our candidate for the Assembly. His election is certain. In the language of HORACE GREELEY, let me say to the people of Wisconsin: "The "mercenary and the fickle will leave us—those "who followed our flag in hopes of plunder and "promotion—but the high-souled and true-hearted stand firm, and will irradiate the close of "the dark year '57 with a victory that shall "gladden the hearts of the lovers of Freedom "throughout the word. Work, then, as becomes "patriots who know their danger and are determined to avert it."

REPUBLICAN.

SAUK CITY ALL RIGHT.—A large and enthusiastic Republican meeting was held at Sauk City last Wednesday evening, the 28th inst. It was a mixed meeting of Americans and Germans.—Mr. Quinby in the chair.

Judge Jackson addressed the meeting in English, and Mr. Lindeman, of the *Zeitung*, of this city, in the German language. Both speakers were excellently received, and a marked impression was made. Three hearty cheers were given for the success of the Republican ticket. Mr. Lindeman assures us that *he knows that three-fourths of the Germans of Sauk will go Republican!*—*Madison Jour.*

for our heart in the Counties of Green, Lafayette, Iowa, Crawford, La Crosse and the north part of Grant. During that time I have attended meetings at Monroe, Mineral Point, Prairie du Chien, La Crosse, &c., and speak here to night. Our friends everywhere die sanguine of success. Our ticket—the best ever offered to the people of this State—gives entire satisfaction, and will be unanimously supported by the Republicans masses, and by a large portion of the Anti-Barstow Democracy.

Our friends in Crawford count upon an increased majority over last fall, and with such workers in the field as Hutchinson, Bull, Hill, Blair, Col. Thomas Savage and a host of others, there can be little doubt of it. They will send you a report from the Old Fort that will do credit to its beautiful location.

At La Crosse, our friends are wide awake, hard at work, and confident of victory. Their candidate for Senator, EDWARD FLINT, is a true and steadfast old Jeffersonian Democrat, and they will elect him by a thumping majority over his opponent, "Tucker Barstow." This was my first visit to La Crosse and I was surprised and delighted at the many evidences, on all sides, of its rapid growth and substantial prosperity. A Rail Road is the one thing lacking to settle her future, and that is close at hand. The healthy growth of good, old fashioned Jeffersonian Republicanism keeps pace, in La Crosse, with the prosperous advance of our city.

Very Respectfully,
Your Obedient Servant,
DAVID NOGGLE.

Detroit and Milwaukee Railway—Business from this Side.

We published some days since, a brief extract from Mr. BRYDGES' able speech at the meeting of the Directors of the Great Western Railway, which resulted in a determination to loan the Det. & Mil. R. W. Co, a large sum of money, to ensure its early completion. We copy further from the speech, showing that the amount of business to be derived from this state is fully appreciated, after a careful examination. Mr. Brydges says;

It is quite impossible for any one who has travelled through that country (Wisconsin) as I have done, and seen the richness and productiveness of the soil, to suppose for a moment that there can be any question as to the amount of traffic which must come to Milwaukee on the western side of Lake Michigan, and which must seek an outlet to the coast by the only chance of outlet, namely, the Detroit and Milwaukee line, and the Great Western of Canada. I should like to enter very briefly into a few figures to show you what the value of some of that through traffic to you would be. I find from an examination of our own accounts, that during the last two half years, we have carried of through passengers—that is, foreign traffic—something like 100,000 passengers for each half year, or an average of 600 a-day; and all that traffic has been derived from one single railway—the Michigan Central—which in the only western railway with which we are at present connected. Now, when I first made my examination into the Detroit and Michigan line, I mentioned that I thought it a very reasonable estimate to suppose that, on the completion of the Detroit and Milwaukee Railway, we should have something like 200 through passengers each way daily, in addition to what we now possess. I have been told by many influential and well-informed persons in Milwaukee and elsewhere, that that was a very low estimate, and would be found to be very much within the truth; but I preferred to state it below the mark, rather than run the risk of deceiving you by any exaggerated promises.

I find that the Board of Trade of Milwaukee have lately made a very minute report as to the business of that city, and they state that, from what they see at present of the business that comes from the various lines of railway, they are satisfied that, when the different lines now under construction are completed, the daily arrivals from the west into the city of Milwaukee will be 1000 persons. But if we take, in order to be perfectly sure that we are not estimating it too highly, the amount of through business that will come over the Great Western from the Detroit and Milwaukee line at only 100 persons a-day, which is half what I estimated two years ago and what is considered by those persons who are able to form an opinion, quite inadequate, we find that it will add, without involving any very great additional expense of working, something like £50,000 currency to the receipts of each half year, which will be rather more than 14 per cent, on your dividends. Even if that moderate estimate is borne out, that will be the result; that is, without taking any account at all of the traffic that would be derived from the local business on the Detroit and Milwaukee line, or the goods' traffic, which must be very large, indeed. With these facts before us, I think there can be no doubt whatever that it is of vast importance to the interests of the Great Western Railway Company that it should secure the completion of the Detroit and Milwaukee line at the earliest possible moment, for the purpose of increasing the dividends that it receives.

As the Chairman has very properly explained to you, we have its best possible security that; whatever account may be advanced as a temporary assistance to the Detroit and Milwaukee Company, we shall get value received for it; because, as he has told you, it has been arranged that before one single penny of that sum is advanced to them, such arrangements shall be completed as will give the Great Western Railway Company the practical and actual controll of all the operations of the Detroit and Milwaukee line, by putting our people to conduct their traffic, by having our own directors at their Board, and by insuring in that way, far better than can be done by any mere traffic arrangements, no matter how strongly they may be written, that we shall get the full advantage of every passenger, and every ton of goods that come to Detroit. In mentioning that, I can say that my own selfish interest in this matter would be to ask you not to make such arrangement, because it must put a very large amount of additional labor upon me, and a very large amount of responsibility which I should be very glad to be relieved from; and I should not think of asking you to concur in any such arrangement if I was not perfectly persuaded that it is the very best possible thing for your interests and the surest way of increasing your dividends.

Incendiarism—Barn and Nine Horses Burned.

Thursday morning, the 29th inst., about 12 o'clock, a large barn on Water street, owned by Mr. Peter Rogan, and forming a part of the Howard House establishment, was discovered to be flames, under circumstances that render it certain that they must have been intentionally kindled. So combustible were the materials with which it was filled—so swiftly did the fire spread, that the utmost efforts of those who were the earliest on the ground could accomplish nothing more than barely save one horse, and in this dangerous attempt, Mr. Rogans nearly lost his life. Nine valuable horses and one cow were burnt alive: six or seven buggies and wagons, two loads of wheat, a number of stoves, considerable quantities of hay, straw, oats and feed, together with much other property, was totally burned up and destroyed.

H. W. Graves, the popular landlord of the Howard House, lost a horse, harness, cow, wagon, together with all the contents usually found in a well filled barn. S. & C. Howard, the railroad contractors, lost two favorite horses, with harness and buggy. Horace Andres had a span of horses, with harness, burnt. John Olmsted lost a fine horse with a new harness and buggy. Peter Rogan, the principal loser, had a horse, pair of harness, carriage, cutter, and other property burnt. Judge Wm. T. Butler, who dis covered the fire, lost a horse, buggy and harness.

The whole loss caused by this criminal act of some wicked and cowardly villain, cannot be less than $2,500, with no insurance.—*Watertown Democrat, Oct. 29.*

The C. J. Kershaw in an Atlantic Gale.

Letters just received from England state that the barque C. J. Kershaw, when on her passage to this place, was met on the 7th of this month by a terrific gale from the westward. The ship was struck by a fearful sea, filling the deck and cabin with water, and compelling the bulwarks to be cut away and forty crates of earthenware to be thrown overboard in order to relieve her. The deck was swept clean of spare spars, water casks, storehouse, &c. The jolly boat was badly stove and broken; main boom broken in two places; spanker boom sprung; main and maintopmast stay broken; foretopmast staysail split in pieces, and maintopsail blown to pieces The Kershaw put back to Falmouth, a sea port on the S. W. coast of England, where she repaired damages and sailed again on the 15th for this port. Cleveland shipbuilders experienced another triumph, for in all that terrific gale, so securely had Messrs. QUALE & MARTIN built the Kershaw, that she remained perfectly tight, her hull defying every assault of the waves.—*Cleveland Herald.*

RAILROAD IRON.—The schooner *Mary B. Hale*, Captain WAKE, arrived in our harbor on Tuesday morning, with a cargo of 300 tons of Railroad Iron for the Kenosha, Rockford and Rock Island Railroad.

The work of laying the track will be prosecuted vigorously.—This will carry the track out nearly to Fox River. Considerable wheat is already coming in on the road, and if we can get it out as far as Genoa good business will yet be done over it this fall.—*Kenosha Telegraph.*

LIFE IN THE SOUTH-WEST BACK WOODS.—On the 12th of September, we learn from the Red River *American*, Claiborne Hart and his son Charles, of Point Coupee Parish, called at the house of Benson Wilburn and Jas. M. Wilburn, and warned them to leave under pain of death. The next day the bodies of Hart and his son were found riddled with buckshot. On the 25th Benton and James M. Wilburn, Jackson McGee and Bowie McGee were examined before Justice Evans, in Calcasieu Parish, and by him acquitted. A number of friends of the murdered men then seized them, and having first liberated James W. Wilburn, took the others across the Sabine river into Texas, where their bodies were soon afterward found, riddled with balls.

☞ The will of the late John E. Thayer, of Boston, gives to his widow, daughter of Francis Granger, of Canandalgua, the income of $500,000 whether she marries again or not, and to dispose, by will of $100,000 from the principal. At her death the remainder goes to his son by a former marriage, or for his benefit. The use and occupancy of a house in Boston and another at Brookline, with all the furniture, plate, horses and equipage, is given to the widow until the son comes of age. In case of the birth of a child by his last marriage, the sum of $150,000 is devised in trust for the benefit of such heir.

☞ The Boston *Courier* has heard of a scarecrow which has been invented by a down-easter, so terrific and hideous that all the crows in the neighborhood are busily engaged in bringing back the corn they stole a year ago!

REDUCTION IN THE PRICE OF THE
BADGER STATE SAFES!

NOT TO BE SURPASSED in any respect by any safe manufactory in the whole country, we have just completed our arrangements for manufacturing the

BADGER STATE SAFES!

Upon a larger scale than we have ever done heretofore by the introduction of new machinery, and by increasing our manufacturing facilities.

FIRE & BURGLAR PROOF!

Our SAFES, as is well known, are more substantially constructed, and more handsomely finished than any other safe manufactured in America, and consequently it has cost us more in getting up our safes than any other manufacturing establishment in the country. But notwithstanding this, we are now enabled to offer our safes to the public at

AS LOW PRICES!

As any other safe manufactured. The following are the former and present prices of some of our safes:—

No. 1 Badger Safe, present price,	$155,	former	$120.

" 2 " " "	200,	"	225
" 8 " " "	275,	"	300

and so on.

The severe test to which the Badger State Safe has stood, both in this city and elsewhere, establishes its proof against fire and water for the protection of valuables.

Commander-in-Chief, Sir Patrick Grant.
Major General, Craigie.

BOMBAY.

Lieutenant General, Somerset
Major General, Sir Hugh Rose.

It is calculated that there is a general officer for every 5,000 men, which gives a total force of 85,000 men for the whole of India.—*London Herald, Oct. 5.*

AN AMERICAN'S FLIGHT THROUGH EUROPE.—A correspondent of the New York *Journal of Commerce* says that nothing will give a better idea of the facilities and advantages which steam has gained for the traveller in these days than a brief statement respecting his tour. The voyage from Boston to England was made in twelve days. At Liverpool I spent two days, at Manchester one, at London six, at Havre one, at Paris five, at Geneva one; at Lausanne, at Berne one, at Berlin four, at Hamburg one, at Copenhagen four, at Gottenburg one, at Stockholm four, at Abo one, at Helsingfors one, at St. Petersburg ten, at Berlin (the second time) eight, at Amsterdam one, and now at London (the second time) six, and now should I reach Boston on the day which I have named, I shall have been absent just one hundred and two days, all of sixty which were spent at the nineteen cities just mentioned, and of the remaining forty-two, twenty-four (or more than one half), on the ocean. Only eighteen days have been spent in travelling four thousand miles in Europe.

EAST INDIAN NAMES.—"Poor" or "pore," which makes the termination of so many Indian cities and settlements, signifies town. Thus Nagpore means the town of Serpents—a definition, by the way, sufficiently appropriate when we reflect on the treacherous character of the Sepoys by whom it was so recently garrisoned. "Abad" and "puran" also signifies town; Hyderabad being Hyder's Town, Seringapatam—from Seringa, a name of the good Vishnoo—being the town of Seringa. Allahabad, from "Allah," God, and "abad," abode, means the abode of God; that city being the capital of Agra, the chief school of the Brahmins, and much resorted to by pilgrims. Purjab is the country of the Five Rivers, and Doab is applied to a part of the country between two rivers.

☞ A coquette is a rosebush, from which each young beau plucks a leaf, and the thorns are left for the husband.

"BROTHER BRIGHAM."—*Punch* advises the Governor of Utah to "go it while he's Young." The Louisville *Journal* adds: "The advice is sensible, for somebody is Cumming who'll check him."

IMPORTANT TO THE LADIES.

I HAVE JUST OPENED an invoice of goods which are being sold at auction 15 per cent less than will be taken at private sale, and 50 ℘ cent less than you can purchase them for in the city. Chenille Table Covers, of White Shaker Flannels, Colored Flannels, Twilled Flannels, some French Merinoes, some all wool delaines, Silk Velvets, &c. The assortment is not very large, but what there is is of superior quality.

I have also just opened, this case, consisting of twelve Ladies Fine and Winter cloaks, latest style, to be sold at great bargains.

oct6 CALEB WALL.

City Auction Room.

I AM ONE who has a good stock of Dry Goods, I will sell them at one dollar for ten dollars, with all kinds of goods, furniture, &c., and as the stock of goods is very large and in worth more than the rent, I will pay the balance in money. Or I will exchange said farm for good improved city property. I will sell the said farm for good mortgages, running 1, 2, 3 years, or I will exchange said farm for Mill & Mfrs. R. R. stock. Here is a great chance for some one to get a good home, one and a half hours from the city, with everything, that one's heart could desire, with a good house and an extra barn, which would rent in Milwaukee for six hundred dollars a year.

CALEB WALL.

N. B.—If the said farm is not sold in thirty days, I want a good, honest, quiet man and his wife to take care of said farm and all the stock through the winter, and probably, when the spring comes, I may conclude to own the farm. Persons of delicate constitution and feeble temperament, as also those confined to their offices and engaged in sedentary pursuits, will derive from these exercises, improvement in their health, acquire strength in their limbs and find an agreeable recreation.

Mr. De Crety will also form similar classes for children, from 10 to 12 o'clock in the forenoon, at such hours as parents may prefer. Fathers and mothers who desire to see their children strong, active and robust, can judge for themselves, after a few months, as to the effect of these different exercises upon their health.

The continued patronage of the public is respectfully solicited.

To MERCHANTS.—Mr. DE CRETY will take charge of French correspondence to all the principalities of France and will procure all Price Currents that they may want.
